

Mantel Clock Cream Camera 24cm

Product Images

Short Description

A vintage style metal camera shaped mantel clock from Hometime - unbeatable style and astonishing affordability in contemporary timekeeping. The weathered cream and gold metal frame features intricate classic camera details including a serial number and film winder. The white clock face features a black roman dial and black serpentine hands. Insert 1 x AA battery which powers the ultra-precise quartz movement. A fantastic gift for any fan of photography. In a world where standalone time pieces are no longer a necessity, Hometime was launched in 2010 as a fresh new take on clocks that bring trend led but practical style, alongside the quality of a long-lasting keepsake. With a broad and affordable range of stylish, modern and vintage designs, influenced by contemporary architecture and accompanied with quirky, shabby chic and colourful features, Hometime stands alone in its timeless appeal for every home interior style.
